Proud to provide

Aetna and the FOP are offering FOP retirees and their spouses Medicare Advantage PPO plans

Aetna Medicare is a HMO, PPO plan with a Medicare contract. Enrollment in our plans depends on contract renewal. Out-of-network/non-contracted providers are under no obligation to treat Aetna members, except in emergency situations. Please call our customer service number or see your Evidence of Coverage for more information, including the cost-sharing that applies to out-of-network services. The formulary, provider and/or pharmacy network may change at any time. You will receive notice when necessary. See Evidence of Coverage for a complete description of plan benefits, exclusions, limitations and conditions of coverage. Plan features and availability may vary by service area. Participating physicians, hospitals and other health care providers are independent contractors and are neither agents nor employees of Aetna. The availability of any particular provider cannot be guaranteed, and provider network composition is subject to change. This material is for informational purposes only and is not medical advice. Health information programs provide general health information and are not a substitute for diagnosis or treatment by a physician or other health care professional. Contact a health care professional with any questions or concerns about specific health care needs. Providers are independent contractors and are not agents of Aetna. Provider participation may change without notice. Aetna is not a provider of health care services and, therefore, cannot guarantee any results or outcomes. The availability of any particular provider cannot be guaranteed and is subject to change. Information is believed to be accurate as of the production date; however, it is subject to change. For more information about Aetna plans, refer to our website.

The Fraternal Order of Police (FOP) and Aetna teamed up to design a benefit program just for you — as a Medicare-eligible FOP retired police officer. The four Aetna Medicare Advantage PPO plan options take a total approach to health and wellness. **Plus, you don't have to stay in-network. You can see any doctor eligible to receive Medicare payment who accepts the Aetna plan, at no extra cost.**

We want you to achieve your best health

Here's a look at how we can help through Aetna health advocacy and wellness.

Continuity of Care
Enabling a smooth transition to the new plan in the midst of critical care

Albert and Maria* were worried that joining the new Aetna Medicare plan would interfere with Albert's scheduled heart surgery. However, after meeting with an Aetna bilingual nurse care manager, they were reassured that their doctor is in network and the change in their plan would not impact Albert's care.

Annual Healthy Home Visit
Supporting you with a touch-base in the comfort of your home

Sylvia* received her annual in-home visit from one of our nurse practitioners who provided medication education. Sylvia also learned how to use her new remote monitoring devices to better manage her diabetes.

Resources For Living® program
Helping you find affordable resources

Darryl* is living with chronic conditions and struggles to find affordable help for everyday needs. His Care Advocacy nurse connected him with our Resources For Living referral service to help him find the most reliable and cost-effective services he needs.

SilverSneakers®
Your key to a fuller, healthier life

Linda and Sharon* are sisters who enrolled in an Aetna Medicare Advantage PPO plan together. Their Aetna plan covers SilverSneakers, which includes a membership to their local fitness center. They love going to the aquatic center to do watercise together. They've been going there for 21 years, three times a week. It keeps them connected as sisters and the exercise keeps them limber.

Complex health condition support
Helping navigate your health journey when you face multiple health conditions

Susan* was seeing a number of doctors for her hypertension and rheumatoid arthritis. An Aetna nurse care manager coordinated treatment among Susan's doctors and provided additional care support. This helped make sure that Susan received every possible health resource to manage her conditions effectively.

*These are illustrative examples of how members can use our wellness and care advocacy programs based on actual member situations.
